## Advice of Sadr Majlis in relation to Palestine Protests | 20 October 2023

Dear Khuddam,

*Assalamoalaikum Wa Rahmatullahi Wa Barakatuhu*

As you are aware the situation in the Middle East has polarised society around the world. We as a Jama'at, are incredibly blessed to be united under a single divinely-guided Khalifah.

This conflict is nothing new. The Khulafah of the Promised Messiah<sup>as</sup> have been outlining the peace process in the Middle East for decades. This is precisely why I urge all my Khuddam brothers to listen intently to the advice of Hazrat Khalifatul-Masih V<sup>aba</sup>.

Me and my Mohtamims have received many questions regarding the proper manner in which Khuddam can champion the cause of the oppressed Palestinians. To such Khuddam we say that this is a golden opportunity for you to take up the **jihād of the pen**. Our reaction to these events can never take the form of violence, neither do we align ourselves with political organisations. What we need to do is tell the world that we are believers of the Messiah who was to appear and cause peace to prevail. We need to highlight that without true justice, there will never be peace.

Whether it is writing articles, making videos or giving time to Khuddam propagation activities, the best way we can protest is through the Jihad of the pen. It is through intellectual dialogue that we can change the minds of people and this is the practice of the Promised Messiah<sup>as</sup> and the Khulafa. If you wish to participate in this, please reply to this email.

Jazakallah

Wasalam
