General Meeting

MKA Birmingham West recently held a general meeting, bringing together Khuddam from across the Qiadat. The session highlighted the roles of Amila members, ensuring everyone understood their responsibilities and how they contribute to the smooth running of the Qiadat. The meeting ended with a renewed spirit of teamwork and motivation to serve together.

Quote from Khalifa-e-waqt:

Office-bearers should always keep in mind the saying of the Holy Prophet (sa): 'The leader of the nation is the servant of the nation'. Do not say I have this office but say I have this service.

Seht-e-jismani:

This month, Khuddam participated in a variety of sports to promote fitness and unity. Football matches at Goals brought together Birmingham West and Dudley Khuddam, while indoor badminton at Newman University offered another fun way to stay active. A highlight was the National Cricket Tournament, where our Khuddam proudly represented the region with great teamwork and sportsmanship.

Amla meeting:

An Amla meeting was recently held to review the tasks of each department within MKA Birmingham West. Members were updated on the achievements of the month, celebrating successes, and were also alerted to areas where improvements were needed. The session provided an opportunity to share constructive feedback and ensure all departments continue working efficiently and effectively in the months ahead.

Tabligh:

Three Khuddam from MKA Birmingham West took part in a Tabligh stall at Weoley Castle, distributing 50 leaflets and engaging with the public to share the peaceful message of Islam.

Khidmat-e-khalq:

During the general meeting, the Nazim Khidmat-e-Khalq updated members on the new recycling changes being introduced across the UK. It was explained that households will soon be provided with four separate bins, each designated for different types of waste. This reminder encouraged Khuddam to remain conscious of their responsibility towards the environment and to lead by example in adopting better recycling habits within their communities.

Waqar-e-Amal:

This month, Khuddam from MKA Birmingham West participated in numerous Waqar-e-Amal activities to maintain and improve the mosque. Tasks included kitchen wind-ups, mosque cleaning, applying new tarmac to the car park, repainting the car park, and tidying the outside mosque compound. These efforts demonstrated the spirit of service, teamwork, and dedication, helping to keep the mosque clean, welcoming, and well-maintained for all members of the community.

Service to mankind is a noble virtue and those who serve are truly blessed
 –Hazrat Mirza Masroor Ahmad(aba)
